THE MISSION

Are you a meticulous strategist with a passion for the operational side of energy shipping? Do you thrive on optimizing logistical processes, problem-solving in real-time, and maximizing profitability after a voyage fixture? Join our team as a Voyage Manager and ensure the seamless execution of our MR and chemical tanker voyages in collaboration with most reputable companies worldwide.

WHAT YOU'LL DO

- **Pre-Fixture Planning:** Collaborate with the chartering team to understand contract terms and voyage requirements. Develop optimal voyage plans considering vessel specifications, cargo compatibility, and route optimization.
- **Operational Excellence:** Oversee all aspects of voyage execution. Monitor vessel performance, port calls, bunkering, and cargo operations, ensuring compliance with charter party terms and maximizing efficiency.
- **Problem Solver Extraordinaire:** Anticipate and proactively address potential delays, weather disruptions, or technical issues with the vessel. Develop contingency plans to minimize costs and ensure timely arrivals / departures.
- **Relationship Builder:** Maintain strong communication with charterers, brokers, agents, and other stakeholders. Provide regular updates, address concerns, and foster a reputation for reliability.
